

March 25, 2020

TO THE MEMBERS OF THE UNITED STATES CONGRESS:

On behalf of the undersigned chambers of commerce and trade associations from across the United States, we urge you to support including all nonprofit organizations within emergency assistance legislation considered by Congress to combat the coronavirus pandemic. Thousands of nonprofit organizations are left out of the relief law and bills and will be hard hit by the coronavirus pandemic.

Nonprofit organizations, including chambers of commerce and trade associations, are important resources for their communities. They provide workforce development, education, civic events, and community support.

Many of these organizations have begun to suffer major financial losses in order to comply with CDC guidelines regarding gatherings and events. Ultimately, many will have to close their doors, leaving their communities without their support, and their employees without jobs.

Congress was right to make certain nonprofit organizations eligible for aid. We urge Congress to extend this assistance to local chambers of commerce and trade associations so that these organizations can continue to provide their important, civic-spirited services.

Sincerely,
